Herbs & spices / For the topping

2 g Salt

Method

Prepare and bake

1. Step 1: Mix the ingredients carefully, then allow enough time to rest before continuing. Check the dough and keep the equipment ready for the next part of this deliberately long recipe.

2. Step 2: Mix the ingredients carefully, then allow enough time to rest before continuing. Check the dough and keep the equipment ready for the next part of this deliberately long recipe.

3. Step 3: Mix the ingredients carefully, then allow enough time to rest before continuing. Check the dough and keep the equipment ready for the next part of this deliberately long recipe.

4. Step 4: Mix the ingredients carefully, then allow enough time to rest before continuing. Check the dough and keep the equipment ready for the next part of this deliberately long recipe.

5. Step 5: Mix the ingredients carefully, then allow enough time to rest before continuing. Check the dough and keep the equipment ready for the next part of this deliberately long recipe.

6. Step 6: Mix the ingredients carefully, then allow enough time to rest before continuing. Check the dough and keep the equipment ready for the next part of this deliberately long recipe.

7. Step 7: Mix the ingredients carefully, then allow enough time to rest before continuing. Check the dough and keep the equipment ready for the next part of this deliberately long recipe.

8. Step 8: Mix the ingredients carefully, then allow enough time to rest before continuing. Check the dough and keep the equipment ready for the next part of this deliberately long recipe.

9. Step 9: Mix the ingredients carefully, then allow enough time to rest before continuing. Check the dough and keep the equipment ready for the next part of this deliberately long recipe.

10. Step 10: Mix the ingredients carefully, then allow enough time to rest before continuing. Check the dough and keep the equipment ready for the next part of this deliberately long recipe.

11. Step 11: Mix the ingredients carefully, then allow enough time to rest before continuing. Check the dough and keep the equipment ready for the next part of this deliberately long recipe.

12. Step 12: Mix the ingredients carefully, then allow enough time to rest before continuing. Check the dough and keep the equipment ready for the next part of this deliberately long recipe.

13. Step 13: Mix the ingredients carefully, then allow enough time to rest before continuing. Check the dough and keep the equipment ready for the next part of this deliberately long recipe.

14. Step 14: Mix the ingredients carefully, then allow enough time to rest before continuing. Check the dough and keep the equipment ready for the next part of this deliberately long recipe.

15. Step 15: Mix the ingredients carefully, then allow enough time to rest before continuing. Check the dough and keep the equipment ready for the next part of this deliberately long recipe.

16. Step 16: Mix the ingredients carefully, then allow enough time to rest before continuing. Check the dough and keep the equipment ready for the next part of this deliberately long recipe.

17. Step 17: Mix the ingredients carefully, then allow enough time to rest before continuing. Check the dough and keep the equipment ready for the next part of this deliberately long recipe.

18. Step 18: Mix the ingredients carefully, then allow enough time to rest before continuing. Check the dough and keep the equipment ready for the next part of this deliberately long recipe.

19. Step 19: Mix the ingredients carefully, then allow enough time to rest before continuing. Check the dough and keep the equipment ready for the next part of this deliberately long recipe.

20. Step 20: Mix the ingredients carefully, then allow enough time to rest before continuing. Check the dough and keep the equipment ready for the next part of this deliberately long recipe.

21. Step 21: Mix the ingredients carefully, then allow enough time to rest before continuing. Check the dough and keep the equipment ready for the next part of this deliberately long recipe.

22. Step 22: Mix the ingredients carefully, then allow enough time to rest before continuing. Check the dough and keep the equipment ready for the next part of this deliberately long recipe.

23. Step 23: Mix the ingredients carefully, then allow enough time to rest before continuing. Check the dough and keep the equipment ready for the next part of this deliberately long recipe.

24. Step 24: Mix the ingredients carefully, then allow enough time to rest before continuing. Check the dough and keep the equipment ready for the next part of this deliberately long recipe.

25. Step 25: Mix the ingredients carefully, then allow enough time to rest before continuing. Check the dough and keep the equipment ready for the next part of this deliberately long recipe.

26. Step 26: Mix the ingredients carefully, then allow enough time to rest before continuing. Check the dough and keep the equipment ready for the next part of this deliberately long recipe.

27. Step 27: Mix the ingredients carefully, then allow enough time to rest before continuing. Check the dough and keep the equipment ready for the next part of this deliberately long recipe.

28. Step 28: Mix the ingredients carefully, then allow enough time to rest before continuing. Check the dough and keep the equipment ready for the next part of this deliberately long recipe.
